

AVERO GOLD - STARTING THE CONVERSATION

AVERO GOLD IS EVERYTHING YOUR CUSTOMERS NEED TO SUCCEED.

If your customer has a POS system that integrates with Avero (<http://www.usfoods.com/avero>), they're already on their way to becoming a better, more profitable customer.

QUESTIONS THAT UNCOVER THE AVERO OPPORTUNITY

- How much time each week does it take to place orders?
- Does your POS tell you what you need to order & when?
- How much time are you spending pulling sales numbers from your POS?
- Do you work for your POS or does it work for you?
- How much time do you spend planning for the coming week?
- Do you know your top selling items and who is selling them? Are they even making you money?
- Does your POS tell you how much you need to prep each day?
- How often are you taking inventory and how long does it take?
- Do you know who your top and bottom selling servers are and which ones are driving your sales?
- Is your menu making the money you need it to make?
- How are those new menu items selling?
- Is anyone on the team stealing from the restaurant?

"Avero helps me consult with my restaurant owners and chefs to be better operators. It reduces ordering overages and shorts, helps them schedule more effectively, but most of all helps them find and fix the missing percentage points they were leaving on the table.

This is a real time business tool that takes the guesswork out of the restaurant and helps them drive profitability to the bottom line."

Steve Kresge
Senior Territory Manager, Port Orange
US Foods

HOW TO HAVE THE AVERO CONVERSATION:

SALES & PRODUCTIVITY

MENU OPTIMIZATION

"Are you making the money you should be? Find out in a few seconds what's making you money, and where you're losing it."

"Ready to breathe some life into that menu? Understand every detail about what's hot, and what's not."

DRIVING PERFORMANCE

"Your best server is likely not who you think. Find out in seconds who's driving profitable menu-item sales, and who's not."

"Is your team stealing from you? Find out in seconds using our Smart Check Search to highlight suspicious POS activity."

PRODUCTIVITY TOOLS

"Ensure you know how everything impacts your business – from the big game to the snowstorm."

"Ensure everyone is on the same page with seamless, real-time communication between the staff with Logbook."

FOOD COST MANAGEMENT

ELIMINATE GUESSWORK

"Ensure profitability and consistency in your menu preparation."

"FCM is an intuitive and easy tool to create, store and reference your entire menu, with functionality for everyone on the team – from Chefs to servers."

INCREASE ORDER EFFICIENCY

"Ordering is fast, easy and predictive. Avero knows what you do and don't need, and saves you time when you order from US Foods."

"Minimize paperwork and manual entry with Avero's intuitive purchasing process."

STREAMLINE INVENTORY PROCESS

"Ease into inventory if you've never taken it, or duplicate the systems you have in place, in an easy way that saves you time and labor dollars."

"Leverage tasks to give your operation accountability for those responsible for managing your valuable assets."
